WHAT IS SUBSIDY?

The child care subsidy program provides financial assistance to eligible low income families to help meet their child care needs. The child care subsidy program is administered through the Westchester County Department of Social Services.

TYPES OF SUBSIDY

Child Care Subsidy

Child care subsidy for parents/caretakers who are working and earning under 200% of the Federal Poverty Level or are students under 21 attending high school. Any income received by a student will also be considered when determining eligibility. Child care subsidy is available in exceptional situations to college students attending 2 and 4 year programs.

Child Care Title XX Subsidy

Child care subsidy for parents/caretakers who are working or who are under 21 attending high school and earning above 200% of poverty the Federal Poverty Level but less than the following: under 275% for a family of two, under 255% for a family of 3 or under 225% of poverty level for a family of 4 or more. When funding is not available DSS will not accept new Title XX applications. However, parents already receiving low income child care subsidy who become Title XX parents due to an increase in income will be transferred to the Title XX program as long as they meet all other eligibility requirements and must use a Title XX provider.

TANF (Temporary Assistance to Needy Families)

Child care subsidy for parents/caretakers who have an opened Temporary Assistance (TANF) case and the Department of Social Services has authorized child care for the parent to participate in an approved activity or work experience. These cases are managed from the District Offices, the TOP unit in Mount Vernon or the Homeless Unit in White Plains.

Transitional Child Care

Child care subsidy for parents/caretakers whose TANF case has been closed due to increased income or child support and the parent/caretaker remains eligible for child care subsidy. These cases are transferred from the District Offices to the Child Care Subsidy Unit for an eligibility determination and for ongoing child care services.

Child care may be authorized for parents/caretakers who have an opened mandated preventive services case (MPS) or child protective (CPS) case.

If any documentation is missing, a Documentation Request letter is mailed to the family. The family is required to supply the missing documentation within the 30 day time frame. If all documentation is not received by day 30, the application is denied and the family will have to reapply.

WHO IS ELIGIBLE TO APPLY FOR CHILD CARE SUBSIDY?

A family's eligibility for a child care subsidy is based on the need for care, the family service unit size and household gross income. The household must be programmatically eligible and financially eligible and must also use an eligible provider.

I. Programmatic Eligibility

- Parents/caretakers must be working at employment that enables them to achieve self-sufficiency. Self-sufficiency is determined as 'employment that is paid at least at minimum wage standards'; in New York State the minimum wage in Westchester is \$12.00 per hour.
- If the family includes both mother and father, both parents/caretakers must be working; unless there is a verified disability that does not allow one of the parents/caretakers to care for the child(ren). Child care would be paid during the hours that both parents/caretakers are working.
- Child care can be paid for full time, part time or part week as long as the child care is during the hours that the parents/caretakers work.
- Children for whom subsidy is authorized must be in this country legally. Parents/caretakers do not have to be in this country legally.
- Parents/caretakers who are obtaining a high school diploma and are under the age of 21 years old are also eligible for child care subsidy.

- Parents/caretakers attending 2 and 4 year colleges are eligible only in **exceptional** situations; eligibility is limited to Temporary Assistance recipients whose course of study has been approved by the Department of Social Services as a mandatory part of the parent's self sufficiency plan or to low income parents who are employed at least 30 hours per week and whose course of study has been approved by the Department of Social Services. A two or four year college degree program will be given favorable consideration when the Department of Social Services has concluded that acquiring the degree is an essential part of a plan that leads to independence and that eliminates the reliance on public programs.
- The family must live in Westchester County, N.Y. If a family lives in another county they have to apply for child care subsidy through that county. Families can use child care in any location that they choose but the application process must be handled by the county in which they live.

II. How do you determine family size? Who is part of the family services unit?

- Mother and children
- Father and children
- If an unmarried mother and father are living together and they have child(ren) in common, the mother and father and all of their children would be included in the family services unit
- If the mother and father are married and live together, all of the children that live with them would be included in the family services unit.
- If an unmarried mother and father live together with no child(ren) in common they would apply as two separate family units: mother and her children and father and his children
- If a parent has a child and is living with his or her parents, the parent and child form the family unit. The child's grandparents are not included. Only the parent's income would be considered.
- If an 18, 19 or 20 year old lives in the household he/she would be included in the family services unit only if it benefits the family:
 - If the 18, 19 or 20 year old is in school and not working including this child in the household benefits the family by making the family unit larger.

- o If the 18, 19 or 20 year old is employed and earning income, this income would count toward the entire family income. It may or may not benefit the family to include the child in the family services unit.
- If a child is with a non-parent caretaker, only the child and the child's income count in the Family Services Unit.

New York State Income Standards based on New York State Income Standards (effective 6/1/18 – 5/31/2019)

<u>Family Size</u>	<u>200% Income</u>	<u>Title XX Income</u>
1 (child only)	\$32,920	\$45,265 (275%)
2	\$41,560	\$52,989 (275%)
3	\$50,200	\$56,475 (255%)
4	\$58,840	\$66,195 (225%)
5	\$67,480	\$75,915 (225%)
6	\$76,120	\$85,635(225%)

Tip: Income levels can change in June of every year. To view current income levels go to www.ChildCareWestchester.org, Help Paying for Child Care.

Low Income Subsidy - The total gross income received from all sources by the family service unit size (number of people in the family) must be under 200% of the poverty level to be eligible for low-income subsidy.

Title XX Subsidy - The total gross income received from all sources by the family service unit size (number of people in the family) must be under 275%, 255% or 225% of the poverty level to be eligible Title XX subsidy.

Title XX eligible families must use a Title XX provider. A Title XX provider is a child care provider that has a signed contract with the County of Westchester. Title XX providers must be licensed child care centers, licensed group family child care providers or registered school age child care programs.

DOES THE FAMILY HAVE TO PAY ANYTHING TOWARD THEIR CHILD CARE?

Family Share Fee

Families receiving child care subsidy are required to pay a family share fee directly to the provider, which is deducted from the amount DSS pays the provider.

The family share fee is based on income, it has no relation to how many days or hours the child is in the providers care. Even if a child is absent or the program is closed, the monthly family share fee remains the same.

The family share fee may change during the authorization or recertification period if the family's income increases or decreases. The provider and family will receive notification of any change in the family share fee.

I. How is the family share fee calculated?

- The family share fee is calculated based on the family's total gross non-exempt income, minus the New York State 100% Income Standards (see below) multiplied by 27% (family share fee rate as of 2/1/2013) divided by 52 weeks. The result is the weekly amount the parent/caretaker must pay to the provider.
- Chart of New York State 100% Income Standards (effective 6/1/18)

<u>Family Size</u>	<u>100% of Poverty Level</u>
1 (child only)	\$12,140
2	\$16,460
3	\$20,780
4	\$25,100
5	\$29,420
6	\$33,740

▪ Example:

Family of 4; family's yearly income is	\$38,500.00
Less 100% of poverty for a family of 4 -	<u>\$25,100.00</u>
Difference is	\$13,400.00
Yearly family share fee is 27% of this difference	\$ 3,618.00
Divide by 52 weeks, weekly fee is	\$ 69.58
Weekly fee of \$69.58 times 4	\$ 278.32

\$278.32 is the monthly family share fee

II. The provider's responsibility for collecting the family share fee

The provider is required to collect the family share fee and provide a receipt of payment to the parent/caretaker. Families going through the recertification process must provide proof that they have paid the family share fee. Families that wish to change providers cannot do so without providing proof that their family share fee is up to date with the previous provider.

Failure of a family to pay the family share fee or to cooperate with DSS to make an arrangement to pay all delinquent fees constitutes a basis to close the child care case.

V. Do all families pay a family share fee?

No, families receiving child care services as part of their Temporary Assistance (TANF) case, Preventive Services case (MPS) or Protective Services case (CPS) are not required to pay a family share fee. The Department of Social Services pays the full amount of authorized child care.

Tip: Check your authorization letter to determine what the parent share fee is. Provide a receipt to each family when they pay their family share fee. The provider is required to collect this fee and cannot waive the family share fee under any circumstances.

AUTHORIZATION PROCESS FOR CHILD CARE SUBSIDY

I. How long does the initial process take?

Once a family submits an application for child care subsidy the Child Care Subsidy Unit has up to 30 days to determine if the family is eligible or not eligible for child care subsidy. The Child Care Subsidy Unit has up to 15 days after this initial determination to notify the parent of their determination. The provider that the parent has chosen will also be notified of this determination.

Incomplete applications will be returned to the parent/caretaker informing them of the section(s) that need to be completed. If there is missing documentation, a Documentation Request will be sent to the parent/caretaker. The parent/caretaker has up to 30 days from the date of receipt of a completed application to provide all necessary documentation for DSS to determine eligibility. If all documentation is not received in that time period, the application will be denied.

II. When does payment begin?

Upon receipt of a completed application the Child Care Subsidy Unit date stamps the application. When the application is approved, child care subsidy payment can be retroactive to the date that the application was date stamped as long as all of the documents were received within the initial 30 day time frame; if care was provided on that date or later.

III. How long is the child care authorized for?

Child care subsidy is usually authorized for a twelve month period

The family is required to recertify the entire case before the end of their twelve month period. DSS will send the parent/caretaker an application and the family must apply again by completing an application and providing all necessary documentation to determine eligibility. Failure to recertify will result in the child care subsidy being discontinued.

IV. If the family does not agree with the determination what can they do?

The family always has the right to call for a case conference with their worker or the worker's supervisor to resolve issues. The family can also request a Fair Hearing to dispute the decisions of DSS. A family may be able to obtain legal assistance from Legal Services of the Hudson Valley telephone (914) 949-1305 extension 142 or email JSirotkin@lshv.org. If the family requests a Fair Hearing they can ask for "aid to continue" and child care may continue to be paid until the Fair Hearing decision is reached. However, if the decision of the Fair Hearing is against the family they would have to pay back all monies paid for child care during the time they were deemed to be not eligible.

Directions on how to request a Fair Hearing are located on the back of Authorization Notifications (Addendums #2, #3, #4, and #5 on pages 51 to 58).

WHAT IS A TITLE XX PROVIDER? **WHO CAN BECOME A TITLE XX PROVIDER?**

A Title XX provider is a provider who has signed a contract with the County of Westchester to provide child care services.

Only licensed child care centers, licensed group family child care providers and registered school age child care programs are able to be Title XX providers.

Periodically the Department of Social Services issues a public notice of their intent to contract with child care providers in Westchester County. The Child Care Council of Westchester, Inc. sends a notice to all licensed child care centers, licensed group family child care providers and registered school age child care programs notifying them of the process to become a Title XX provider. The provider is asked to submit a letter of intent to enter into a contractual agreement with Westchester County. Westchester County then sends the provider the actual contract, which needs to be signed and returned with all required documentation. The contract takes effect the first day of January of the following year.

There are approximately 184 child care programs (112 vendors) that are Title XX contracted providers for the year 2018.

The benefits in becoming a Title XX provider are:

- The provider will be paid for five holidays and or other closings as stipulated by contract per year, per child
- The provider will be paid for up to 12 temporary absences per quarter, per child (up to 48 absences per year, per child)
- The provider will be able to accept Title XX parents, opening up a new source of children that can potentially enroll in the program.
- If a family already enrolled in the program, under Low Income Subsidy becomes a Title XX family, they will not have to change providers and can continue in the program.

To be eligible to become a Title XX provider, the provider must have Worker's Compensation coverage and one million dollars of general liability insurance with an "A" rated insurance company.

Tip: The Child Care Council of Westchester, Inc. can assist you in applying to be a Title XX provider, as well as provide you with a list of "A" rated insurance companies. Contact the subsidy coordinator at 914-761-3456 ext. 144.

WHAT IS TRANSITIONAL CHILD CARE?

If a family had an opened TANF case that was closed due to an increase in income from employment, child support or the family voluntarily ended their assistance the family is entitled to Transitional Child Care benefits. Transitional Child Care guarantees the family that child care will continue to be paid for one year as long as the family meets the criteria listed below:

- Their TANF case was opened for a least 3 of the 6 months prior to case closing.
- The family meets financial eligibility subsidy guidelines.
- The case closed for a reason that meets a specific criteria.

The family does not have to complete a new application. The application and supporting documentation is electronically transferred to the Child Care Subsidy unit. The family will be required to pay a Family Share Fee. Child Care Subsidy may request additional documentation from the family once the electronic the transfer is received from the TANF worker.

TEMPORARY ASSISTANCE TO NEEDY FAMILIES (TANF)

TANF families are entitled to child care as part of their goal toward self-sufficiency

Child care can be paid for if the family is in an approved:

- Work activity
- Training activity
- Job Search
- On the job training
- Vocational training and education
- Community service
- Substance abuse program
- Domestic violence associated program

How is child care handled for TANF families?

- TANF families do not need to complete a separate application; child care financial assistance is part of the application the family completed when they applied for TANF.

 - TANF cases are handled out of the District Offices:
 - o Mount Vernon Department of Social Services
100 East First Street

 - o dates child care is authorized, hours authorized
 - o maximum amount of payment DSS can reimburse the provider
-

There are two other situations that are handled differently for Temporary Assistance cases.

White Plains Homeless Unit

- All families that are experiencing a homeless situation and are in receipt of Temporary Assistance are transferred to the homeless unit in White Plains regardless of where they live.

The Top Unit (Transitional Opportunities Program)

- Families that are employed but still eligible for Temporary Assistance have their case transferred to the TOP unit, which is located in the Mount Vernon District Office regardless of where they live.
- The TOP unit provides specialized services to help families achieve self-sufficiency. The TOP unit makes a Career Path Assessment of each family and helps customers make decisions regarding better jobs, obtaining a GED or obtaining a driver's license.

WHO TO CONTACT FOR TEMPORARY ASSISTANCE CASES

- Providers should contact the worker that is listed on the authorization form they received from the District Office.

Tip: If you have contacted the worker on the case and you are still having issues or concerns please contact the subsidy coordinator at the Child Care Council of Westchester, Inc at 914-761-3456 extension 144, who can provide further assistance.

CHILD CARE MARKET RATES **(the maximum amount that can be paid to a provider)**

Payment rates are determined by the New York State Office of Children and Family Services (OCFS). Payment rates must be sufficient to ensure equal access for eligible families to child care services, comparable to those services provided to children whose parents/caretakers are not eligible to receive assistance under any child care programs. Every two years OCFS contracts with a market research firm to conduct a market rate survey via telephone. Prior to the phone survey OCFS mails a letter to all registered and licensed providers in NYS. This letter informs the providers that they may be contacted by phone to participate in the market rate survey. The letter also gives the providers the list of questions that will be asked during the phone survey. This data is analyzed and clustered into five distinct groupings of districts based on similarities in the rates among the districts. Westchester County is grouped with Nassau, Putnam, Rockland and Suffolk counties to determine the market rate.

Child care payments are determined based upon three factors:

- Age of child
- Hours/days of child care used
- Type of child care program

Age of Child

Market rates differ according to the age of the child. The age categories are:

- Under 1 ½ year;
- 1 ½ years through 2 year;
- 3 years through 5 year; and
- 6 years through 12 years

A change in a child's age will result in a decrease in the amount that can be authorized for the care of that child. The market rate may be less as the child gets older; the new market rate limit is applied at the beginning of the first full month following such a change.

Hours/days of child care used

- Weekly – care provided for 30 or more hours over the course of five or fewer days in a single week, up to 55 hours per week.
- Daily – care provided for less than 30 hours over the course of five or fewer days in a single week and for at least six but fewer than twelve hours per day.
- Part-day – care provided for at least three but fewer than six hours per day.
- Hourly – care provided for fewer than three hours per day.

Types of child care programs

- Licensed child care centers and legally-exempt group child care programs.
- Registered family child care homes.
- Licensed group family child care homes.
- Registered school-age child care programs.
- Legally-exempt family child care and legally-exempt in-home family child care providers

Providers cannot charge the Department of Social Services more for the care of children receiving subsidy than they charge to the general public for similar care.

HOW AND WHEN DOES THE PROVIDER GET PAID?

There is a process to receive payment for care. It is important not only to understand the steps involved to receive payment but also to manage the paperwork needed to receive payment and immediately address any discrepancies.

Payments

- The Westchester County Department of Social Services will mail the provider a roster and attendance sheets on the first Friday that follows the first Thursday of every month.
- The provider must complete both the roster and the attendance sheet and submit these forms for payment to DSS Payment Processing in order to be paid. Once these forms are received and reviewed, if everything is completed correctly, payment should reach the provider in 7 to 10 business days. If anything is missing or incorrect, the forms are returned to the provider for corrections, which will delay payment. It is very important that the provider take the necessary time to complete both forms correctly. The provider also must either enter time and attendance through the web based CCTA (Child Care Time and Attendance System) or submit a Child Care Sign/In Out Sheet.
- The roster contains the names of all the children for whom the provider can expect payment for that month. If any child is missing the provider must contact the DSS worker to question why the child is missing from the roster. If a child is not on the roster the provider will not be paid for that child.

Tip: The provider must report any discrepancies on the roster to DSS no later than the calendar quarter after the calendar quarter that the services were rendered. DSS will not be able to adjust or issue missing payments if the provider does report the discrepancies in a timely manner.

Tip: If you have contacted the worker on the case and you are still having issues or concerns please contact the subsidy coordinator at the Child Care Council of Westchester, 914-761-3456 extension 144, for assistance.

HOW DOES CHILD CARE SUBSIDY KNOW WHAT TO PAY THE PROVIDER?

Provider payments are based on the information the provider includes on the provider form. The Department of Social Services can pay a provider up to the currently established market rates in Westchester County. Providers may not charge the Department of Social Services more than they charge their private paying families.

Vendor Data Profile Form (WCDSS#2117/(02/18))

If the child care provider does not already have a DSS issued vendor ID# the child care provider is required to complete the Vendor Data Profile form so that the Department of Social Services can input the provider's rates and information into their payment systems and issue the provider a vendor number. (See Addendum #6)

The Provider Form

When a family applies for child care subsidy or has been approved to receive child care subsidy, they are given a provider form for the child care provider to complete. This form is used to determine if the provider is eligible to be paid by the Department of Social Services and to determine the amount of the payment.

The child care provider must complete this form with the family. It is important that the provider fill out all the sections carefully because child care payments are based on the information the provider includes on this form.

The Provider & Family Completes:

- The provider and the parent/caretaker must sign this form.

Tip: Be very careful to fill out Section 2 on the back of the provider form – NOT SECTION 1 – Often providers fill in section 1 which is only for informal caregivers (legally-exempt providers) and will cause a long delay in the approval process.

THE PROVIDER FORM
OTHER REASONS THE PROVIDER WOULD NEED
TO COMPLETE A PROVIDER FORM

Hours change

- If the hours the provider is caring for the children change the provider must complete and submit a new provider form to the DSS worker that reflects the new hours and rates. Upon approval the DSS worker sends the provider a new letter of authorization reflecting the change in hours.

School holidays and closures

- If the provider cares for school age children for additional days or hours due to school closings, the provider must complete a new provider form each month that additional child care is being provided, including the additional charges the provider is requesting. This form is to be submitted to the DSS worker along with a copy of the local school calendar. Upon approval DSS will issue a separate check to cover these additional days.

Summer care

- If the provider cares for school age children during the summer the provider must complete a new provider form before the summer begins and submit to the DSS worker for approval.

THE CHILD CARE TIME AND ATTENDANCE SYSTEM **CCTA (A.K.A "Web Submittal")**

- The Child Care Time and Attendance System (CCTA) is a web based computer program where child care providers enter the date and time each child arrives and leaves their program. It allows providers to electronically send attendance to the Department of Social Services over the internet. This system helps assure that subsidy payments are correct and on time. It also assures that eligibility and time and attendance are correct. The CCTA program also calculates and approves child care subsidy payments.
- There is no software that is needed to be purchased. The only item required is a desktop or a notebook/laptop computer that can access the internet.
- Title XX contracted providers must use the CCTA program as part of their contractual agreement with the Department of Social Services.
- All other programs can elect to participate in CCTA and use this program or complete and submit a separate Child Care Sign In/Out Sheet (see Addendum #7) to the Department of Social Services for each child in their care. Department of Social Services employees will then enter the information from the Child Care Sign In/Out Sheet sheets into the CCTA program.
- Providers who choose to enter time and attendance through the CCTA program will be required to submit a Verification Information Sheet. This sheet will allow the Department of Social Services to establish a verification code so that the provider will be able to log onto CCTA (see Addendum #8). Providers are also required to submit the Vendor Data Profile sheet (see Addendum #6).
- Providers who enter time and attendance into the CCTA system directly will receive payments faster than providers who choose not to.
- Providers must also continue to submit rosters and attendance sheets as well as enter the attendance into the CCTA program or submit the Child Care Sign In/Out Sheets.
- Training on how to use the CCTA system is available on line at <http://info-ccta-newyork.com/providers/training/>
- Providers can also contact Ms. Bsharat at the Department of Social Service Child Care Subsidy Unit for additional assistance at 914-995-5463 or at Nab1@westchestergov.com.

THE ATTENDANCE SHEET

How to Complete the Attendance Sheet:

Westchester County: Daily Attendance Record for Child Day Care

A non-contracted provider is a provider that has not signed a written contract with Westchester County.

Reference Sample attendance sheet on page 29.

Complete:

- Provider/Program: Fill in the provider's name, address and vendor number (the vendor number is the same number that is listed on the roster as a provider ID number).
- Fill in the provider's phone number, reporting month and year.
- Answer the question: Are you a contracted provider, by placing an X in the box that says "no".

The Calendar Section:

Sample on how to complete the calendar section

On this sample:

- The provider provides care Monday through Friday
- The month is January 2015
- Mary Jones full time
- Michael Jones part time

January 1, 2015 (Thursday) was New Year's Day*, the provider enters the letter "C" for the first day of January 2009. That means the provider was closed for New Years Day and did not provide care.

January 2, 2015 (Friday) the children were present in the provider's program. The provider enters the letter "P" for present on that day.

January 3, 2015 and January 4, 2015 were a Saturday and Sunday and the provider is not authorized to provide care on Saturdays and Sundays. The provider enters an "X" - non-authorized day.

January 14, 2015 both children were absent. The provider enters "A" absent for this day.

January 19, 2015 the program was closed due to a power outage. The provider enters a "C" – program closed (no payment for day).

The provider adds up all the days care was actually provided during the month of January 2015. Enter this number under total days; total days in this sample are 19 days.

*Some families do work on holidays. If child care was provided on New Year's Day because the family worked on that day the provider enters the letter "P" for present.

<p>Tip: Upon enrollment of the children the provider should explain to the family that Child Care Subsidy does not pay for absences. The family should be encouraged to avoid excess absences.</p>

The Calendar Section

Sample on how to complete the calendar section

On this sample:

- The provider provides care Monday through Friday
- The month is January 2015
- Mary Jones full time/full day
- Michael Jones part time/half day

January 1, 2015 (Thursday) was New Year's Day*, the provider enters the letter "H" for the first day of January 2009. That means the provider was authorized by contract to be paid for this holiday closure.

January 2, 2015 (Friday) the children were present in the provider's program. The provider enters the letter "P" for present on that day.

January 3, 2015 and January 4, 2009 were a Saturday and Sunday and the provider was not authorized to provide care on Saturdays and Sundays. The provider enters an "X" – non-authorized day.

January 14, 2015 both children were absent. The provider enters "A" absent for this day.

January 19, 2015 the program was closed due to a power outage. The provider enters a "C" – program closed (no payment for day).

The provider adds up all the days that the provider is entitled to receive payment. These days include approved holidays and absences – total days in this example are 21 days.

THE ROSTER

How To Complete the Roster:

Requests for Payment of Day Care Services

See reference Sample roster sheet on page 37-38 for non-contracted providers and page 41-42 for contracted providers. See the next section to determine how to calculate the charges that are entered on the roster.

How to read & complete the roster:

Page 1:

- o Listed on the roster are the names of every child that the Department of Social Services has authorized child care payment to the provider for that month.
- o Under the child's name is listed the case number which would always begin with the letter S. Under the case number is the child's date of birth.
- o Going across the page it then lists the maximum amount of monies DSS is authorizing to pay the provider during the month and the dates of authorization for that particular month.

Page 1: All Providers need to complete:

- o ACTUAL DAYS CARE: The provider must fill in the Actual Days In Care (days the provider believes should be paid for that matches the days the provider completed on the attendance sheet)
- o MAX MO CHG: The provider must fill in the Maximum Monthly Charge, which is the same as the maximum amount of monies already printed on this case for this child.
- o MONTHLY PAR FEE: The parent fee, if there is one, is usually already included on this roster.
- o TOTAL DSS CHR: The total DSS charge is the amount the provider is actually charging DSS for the care of each child for that month. The provider must deduct any days that the provider is not authorized to receive payment.
- o TOTAL BILLED AMT.: The Total Billed Amount is the sum total of the Total DSS Charge column. Providers are not required to tally the dollar amount for those children that have the letter "C" placed

directly under their name. If the child has the letter "C" placed under their name include only the days the child attended. The letter "C" under the child's name indicates that that provider is entering time and attendance through the CCTA (Child Care Time and Attendance) system.

Page 2: All Providers Must:

- o Insert the amount that is being claimed for the month. If the provider has at least one child with the letter "C" placed directly under their name listed on the roster, the provider is NOT required to write the total dollar amount. If there is no child with the letter "C" placed directly under their name on the roster, the provider must write the total dollar amount.

- o Sign and date the roster.

Tip: The provider is required to report any discrepancies in payment to the Department of Social Services within the quarter following the quarter that the service was provided. If the provided does not report these discrepancies in a timely manner the Department of Social Services may not be able to adjust payments.

HOW TO PRO-RATE PAYMENT

Providers need to accurately enter charges for the care they provide. The charges need to be pro-rated based on the actual days the child(ren) are in care and the days for which care is authorized. The roster shows the maximum authorization of payment for each child if they were in care every single day of authorization. When children are absent or the program is closed the provider must deduct those days from the maximum authorization amount listed on the roster.

Pro-rate Payment for a Non-Contracted Provider

Reference Sample roster sheet on pages 37-38

- On the sample provided for the non-contracted the provider payment is requested for 19 days (based on the attendance sheet).
- The provider must count how many actual days of authorized care there were in the month. In this example, for the month of January 2015 for authorized care Monday through Friday there was the potential of caring for these children for 22 days.
- The non-contracted provider divides the total maximum charge per child by possible 22 days.

Example of pro-rated calculation

Step One: Calculate total DSS CHR (charge) for each child.

Child 1: Mary Smith

\$1,082.50	(maximum monthly charge)
÷ 22 days	(total number of possible days in January)
\$49.205	cost per day
\$49.205	cost per day

$$\begin{array}{r} \times 19 \text{ days (total number of actual days in care)} \\ \hline \$934.90 \text{ total charge to DSS} \end{array}$$

- The provider enters \$934.90 under Total DSS CHR (charge) for Mary.

Child 2: Michael Smith

$$\begin{array}{r} \$801.05 \text{ (maximum monthly charge)} \\ \div 22 \text{ days (total number of possible days in January)} \\ \hline \$36.411 \text{ cost per day} \end{array}$$

$$\begin{array}{r} \$36.411 \text{ cost per day} \\ \times 19 \text{ days (total number of actual days in care)} \\ \hline \$691.81 \text{ total charge to DSS} \end{array}$$

- The provider would enter \$691.81 under Total DSS CHR for Michael.

Step Two: Calculate total billed amt. (amount)

Total billed amount is the total of the two charges:

$$\begin{array}{r} \$934.90 \text{ Total DSS CHR for Mary Smith} \\ + \$691.81 \text{ Total DSS CHR for Michael Smith} \\ \hline \$1,626.71 \text{ the provider enters this as Total Billed Amt. (amount)} \end{array}$$

- The provider enters \$1,626.71 on page two of the roster and signs the roster.

Pro-rate Payment for a Contracted Provider

Reference Sample roster sheet on pages 41-42

- On the sample provided for the contracted provider the provider is claiming payment for 21 days (based on the attendance sheet).
- The provider must count how many actual days of authorized care there were in any given month. In this example for the month of January 2009 for authorized care Monday through Friday there was the potential of caring for these children for 22 days.
- The contracted provider divides the total maximum charge per child by possible 21 days.

Example of pro-rated calculation

Step One: Calculate Total DSS CHR for each child.

Child 1: Mary Smith

$$\begin{array}{r} \$1,082.50 \text{ (maximum monthly charge)} \\ \div \underline{22 \text{ days (total number of possible days in January)}} \\ \$49.205 \text{ cost per day} \\ \\ \$49.205 \text{ cost per day} \\ \times \underline{21 \text{ days (total number of actual days in care)}} \\ \$1,033.31 \text{ total charge to DSS} \end{array}$$

- The provider enters \$1,033.31 under Total DSS CHR for Mary.

Child 2: Michael Smith

$$\begin{array}{r} \$801.05 \text{ (maximum monthly charge)} \\ \div \underline{22 \text{ days (total number of possible days in January)}} \\ \$36.411 \text{ cost per day} \\ \\ \$36.411 \text{ cost per day} \\ \times \underline{21 \text{ days (total number of actual days in care)}} \\ \$764.63 \text{ total charge to DSS} \end{array}$$

- The provider enters \$764.63 under Total DSS CHR for Michael.

Step Two: Calculate Total Billed Amt.

Total billed amount is the total of the two charges:

\$1,033.31 Total DSS CHR for Mary Smith
+ \$ 764.63 Total DSS CHR for Michael Smith
\$1,797.94 the provider enters this as Total Billed Amt.

- The provider enters \$1,797.94 on page two of the roster and signs the roster.

Tip: Under the contract the provider signed with Westchester County the provider is entitled to be paid for up to 12 absences per calendar quarter. Keep track of the child(ren)'s absences as the provider will not be paid beyond the 12 absences per quarter allowed.

PROVIDER RESPONSIBILITIES

Responsibilities for providers who Provide Care for Families whose Child Care is Paid for by Child Care Subsidy

- Keep accurate attendance records for all children receiving child care subsidies. (The provider should be keeping attendance records, including “sign-in” and “sign-out” verification, for all of the children in the provider’s care.)
- Maintain daily sign-in and sign-out logs.
 - Children and parents/caretakers must be listed and clearly identified using first and last names.
 - Children need to be signed in/out each time they leave and return to the program, even if more than once within the same day.
 - The adult/authorized individual signing the children in/out must be clearly identified by using first and last names.
 - Time in and time out must be indicated on the log, each time the child leaves and returns to the program on a given day.
 - The daily sign-in and sign-out logs must be retained for at least eighteen months.
 - Addendum #10 is a sample attendance sheet. Child care providers can use any sign-in and sign-out logs they want, there is no DSS required sign-in and sign out log.
- Accurately fill out the payment rosters.
 - Submit the county attendance sheets to support each roster.
 - Pro-rate the payment claimed on the roster. The provider cannot claim the maximum monthly payment authorized by DSS if the child has been absent or the facility has been closed and the provider’s contractual agreement with the county does not provide for payment in these circumstances.
 - Enter time and attendance through the CCTA system or submit the Child Care Sign In/Out Sheet for each child.
- Keep accurate payment records for non-subsidized children.
 - The provider may not charge for government subsidized services more than the provider actually charges and receives from unsubsidized customers.

- Keep accurate payment records for subsidized children.
 - Family share fee must be collected.
 - Family must be given a receipt for payment of family share fee.
 - Provider should retain a copy of the receipt.
 - Records must be accurate and must not be altered. Records must be made available to the county when there is an auditing visit.

- Pro-rate Payments
 - It is the responsibility of the child care provider to pro-rate the payment claims to the county when submitting claims for children who have been absent from child care during the period covered by the voucher. It is also the responsibility of the child care provider to prorate the payment for any days the program was closed for business.

Tip: ALL PAYMENT CLAIMS SUBMITTED TO THE COUNTY ARE SUBJECT TO RANDOM AUDIT FOR COMPLIANCE WITH STATE REGULATIONS. THE PROVIDER MUST KEEP SIGN-IN AND SIGN-OUT ATTENDANCE RECORDS. IF THE PROVIDER IS UNABLE TO SATISFACTORILY VERIFY TO THE AUDITOR A CHILD'S ATTENDANCE THE SUBSIDY PAYMENTS THE PROVIDER RECEIVED ON THE CHILD'S BEHALF WILL BE CONSIDERED AN OVERPAYMENT. THE PROVIDER WILL BE REQUIRED TO RETURN THIS OVERPAYMENT TO WESTCHESTER COUNTY

HOW DOES THE PROVIDER KNOW IF THE CASE HAS BEEN AUTHORIZED?

The Department of Social Services sends the family and the provider notifications regarding the case.

These authorizations tell the provider and the family the following information:

- Approval of the case
- Denial of the case
- Dates the provider will be paid to care for the children
- Hours the provider will be paid to care for the children
- Family share fee amount, if the family is required to pay a family share fee

Tip: Children should not be permitted to attend the providers program until the provider has received written approval from the Department of Social Services. If the family wants to start before the provider has received written approval, the provider should make a private pay agreement with the parent. Addendum #1 on page 50 provides a sample of a written letter of agreement for providers to use before the provider has received written approval from the Department of Social Services.

AUTHORIZATION FOR CHILD CARE SUBSIDY CASES:

The below forms are sent to both the family and the provider.

Approval of Your Application For Child Care Benefits OCFS-LDSS-4779
See sample in Addendum #2 on page 51.

This form tells the provider that the case has been approved. It tells the provider the effective dates of care; start date and end date. This form tells the provider how much the provider will be paid by DSS and what the family share fee is.

Tip: Keep track of the effective dates of care. Review the subsidy expiration dates at least monthly. Remind the family at least one month in advance that their child care authorization is ending. If the provider has not received written authorization to continue care beyond the end of the authorization period make a private pay agreement with the parent until the provider receives written authorization to continue care. See Addendum #1 on page 50 for sample of written private pay letter of agreement.

Denial of Your Application For Child Care Benefits OCFS-LDSS-4780

See sample in Addendum #3 on page 53.

This form tells the provider that the case has been denied. This means the provider will not be paid by DSS for the care of these child(ren). It will not give the provider the reasons for the denial as this is confidential information. The family, however, is notified of the reasons for the denial.

Notice of Intent To Change Child Care Benefits OCFS-LDSS-4781

See sample in Addendum #4 on page 55.

This form alerts the provider that something has changed on the case. It could be the family share fee, the hours of care, or the amount of authorized payment. This is usually based on information the family provided to their worker showing they are earning more or less income, their employment hours have changed, etc. It can also be the result of changes required by the regulations, such as a reduction because the child is older.

Notice of Intent To Discontinue Child Care Benefits OCFS-LDSS-4782

See sample in Addendum #5 on page 57.

This form notifies the provider that the case will be discontinued. This notice is sent to you 10 days before the case actually closes. It does not give the provider the reasons for the case closing as this is confidential information. The family, however, is notified of the reasons for the closing.

WHAT IS SUBSIDY?

The child care subsidy program provides financial assistance to eligible low income families to help meet their child care needs. The child care subsidy program is administered through the Westchester County Department of Social Services.

TYPES OF SUBSIDY

Child Care Subsidy

Child care subsidy for parents/caretakers who are working and earning under 200% of the Federal Poverty Level or are students under 21 attending high school. Any income received by a student will also be considered when determining eligibility. Child care subsidy is available in exceptional situations to college students attending 2 and 4 year programs.

Child Care Title XX Subsidy

Child care subsidy for parents/caretakers who are working or who are under 21 attending high school and earning above 200% of poverty the Federal Poverty Level but less than the following: under 275% for a family of two, under 255% for a family of 3 or under 225% of poverty level for a family of 4 or more. When funding is not available DSS will not accept new Title XX applications. However, parents already receiving low income child care subsidy who become Title XX parents due to an increase in income will be transferred to the Title XX program as long as they meet all other eligibility requirements and must use a Title XX provider.

TANF (Temporary Assistance to Needy Families)

Child care subsidy for parents/caretakers who have an opened Temporary Assistance (TANF) case and the Department of Social Services has authorized child care for the parent to participate in an approved activity or work experience. These cases are managed from the District Offices, the TOP unit in Mount Vernon or the Homeless Unit in White Plains.

Transitional Child Care

Child care subsidy for parents/caretakers whose TANF case has been closed due to increased income or child support and the parent/caretaker remains eligible for child care subsidy. These cases are transferred from the District Offices to the Child Care Subsidy Unit for an eligibility determination and for ongoing child care services.

Child care may be authorized for parents/caretakers who have an opened mandated preventive services case (MPS) or child protective (CPS) case.

WHO IS ELIGIBLE TO APPLY FOR CHILD CARE SUBSIDY?

A family's eligibility for a child care subsidy is based on the need for care, the family service unit size and household gross income. The household must be programmatically eligible and financially eligible and must also use an eligible provider.

I. Programmatic Eligibility

- Parents/caretakers must be working at employment that enables them to achieve self-sufficiency. Self-sufficiency is determined as 'employment that is paid at least at minimum wage standards'; in New York State the minimum wage in Westchester is \$12.00 per hour.
- If the family includes both mother and father, both parents/caretakers must be working; unless there is a verified disability that does not allow one of the parents/caretakers to care for the child(ren). Child care would be paid during the hours that both parents/caretakers are working.
- Child care can be paid for full time, part time or part week as long as the child care is during the hours that the parents/caretakers work.
- Children for whom subsidy is authorized must be in this country legally. Parents/caretakers do not have to be in this country legally.
- Parents/caretakers who are obtaining a high school diploma and are under the age of 21 years old are also eligible for child care subsidy.

- Parents/caretakers attending 2 and 4 year colleges are eligible only in **exceptional** situations; eligibility is limited to Temporary Assistance recipients whose course of study has been approved by the Department of Social Services as a mandatory part of the parent's self sufficiency plan or to low income parents who are employed at least 30 hours per week and whose course of study has been approved by the Department of Social Services. A two or four year college degree program will be given favorable consideration when the Department of Social Services has concluded that acquiring the degree is an essential part of a plan that leads to independence and that eliminates the reliance on public programs.
- The family must live in Westchester County, N.Y. If a family lives in another county they have to apply for child care subsidy through that county. Families can use child care in any location that they choose but the application process must be handled by the county in which they live.

II. How do you determine family size? Who is part of the family services unit?

- Mother and children
- Father and children
- If an unmarried mother and father are living together and they have child(ren) in common, the mother and father and all of their children would be included in the family services unit
- If the mother and father are married and live together, all of the children that live with them would be included in the family services unit.
- If an unmarried mother and father live together with no child(ren) in common they would apply as two separate family units: mother and her children and father and his children
- If a parent has a child and is living with his or her parents, the parent and child form the family unit. The child's grandparents are not included. Only the parent's income would be considered.
- If an 18, 19 or 20 year old lives in the household he/she would be included in the family services unit only if it benefits the family:
 - If the 18, 19 or 20 year old is in school and not working including this child in the household benefits the family by making the family unit larger.

- o If the 18, 19 or 20 year old is employed and earning income, this income would count toward the entire family income. It may or may not benefit the family to include the child in the family services unit.
- If a child is with a non-parent caretaker, only the child and the child's income count in the Family Services Unit.

New York State Income Standards based on New York State Income Standards (effective 6/1/18 – 5/31/2019)

<u>Family Size</u>	<u>200% Income</u>	<u>Title XX Income</u>
1 (child only)	\$32,920	\$45,265 (275%)
2	\$41,560	\$52,989 (275%)
3	\$50,200	\$56,475 (255%)
4	\$58,840	\$66,195 (225%)
5	\$67,480	\$75,915 (225%)
6	\$76,120	\$85,635(225%)

Tip: Income levels can change in June of every year. To view current income levels go to www.ChildCareWestchester.org, Help Paying for Child Care.

Low Income Subsidy - The total gross income received from all sources by the family service unit size (number of people in the family) must be under 200% of the poverty level to be eligible for low-income subsidy.

Title XX Subsidy - The total gross income received from all sources by the family service unit size (number of people in the family) must be under 275%, 255% or 225% of the poverty level to be eligible Title XX subsidy.

Title XX eligible families must use a Title XX provider. A Title XX provider is a child care provider that has a signed contract with the County of Westchester. Title XX providers must be licensed child care centers, licensed group family child care providers or registered school age child care programs.

DOES THE FAMILY HAVE TO PAY ANYTHING TOWARD THEIR CHILD CARE?

Family Share Fee

Families receiving child care subsidy are required to pay a family share fee directly to the provider, which is deducted from the amount DSS pays the provider.

The family share fee is based on income, it has no relation to how many days or hours the child is in the providers care. Even if a child is absent or the program is closed, the monthly family share fee remains the same.

The family share fee may change during the authorization or recertification period if the family's income increases or decreases. The provider and family will receive notification of any change in the family share fee.

I. How is the family share fee calculated?

- The family share fee is calculated based on the family's total gross non-exempt income, minus the New York State 100% Income Standards (see below) multiplied by 27% (family share fee rate as of 2/1/2013) divided by 52 weeks. The result is the weekly amount the parent/caretaker must pay to the provider.
- Chart of New York State 100% Income Standards (effective 6/1/18)

<u>Family Size</u>	<u>100% of Poverty Level</u>
1 (child only)	\$12,140
2	\$16,460
3	\$20,780
4	\$25,100
5	\$29,420
6	\$33,740

▪ Example:

Family of 4; family's yearly income is	\$38,500.00
Less 100% of poverty for a family of 4 -	<u>\$25,100.00</u>
Difference is	\$13,400.00
Yearly family share fee is 27% of this difference	\$ 3,618.00
Divide by 52 weeks, weekly fee is	\$ 69.58
Weekly fee of \$69.58 times 4	\$ 278.32

\$278.32 is the monthly family share fee

II. The provider's responsibility for collecting the family share fee

The provider is required to collect the family share fee and provide a receipt of payment to the parent/caretaker. Families going through the recertification process must provide proof that they have paid the family share fee. Families that wish to change providers cannot do so without providing proof that their family share fee is up to date with the previous provider.

Failure of a family to pay the family share fee or to cooperate with DSS to make an arrangement to pay all delinquent fees constitutes a basis to close the child care case.

V. Do all families pay a family share fee?

No, families receiving child care services as part of their Temporary Assistance (TANF) case, Preventive Services case (MPS) or Protective Services case (CPS) are not required to pay a family share fee. The Department of Social Services pays the full amount of authorized child care.

Tip: Check your authorization letter to determine what the parent share fee is. Provide a receipt to each family when they pay their family share fee. The provider is required to collect this fee and cannot waive the family share fee under any circumstances.

AUTHORIZATION PROCESS FOR CHILD CARE SUBSIDY

I. How long does the initial process take?

Once a family submits an application for child care subsidy the Child Care Subsidy Unit has up to 30 days to determine if the family is eligible or not eligible for child care subsidy. The Child Care Subsidy Unit has up to 15 days after this initial determination to notify the parent of their determination. The provider that the parent has chosen will also be notified of this determination.

Incomplete applications will be returned to the parent/caretaker informing them of the section(s) that need to be completed. If there is missing documentation, a Documentation Request will be sent to the parent/caretaker. The parent/caretaker has up to 30 days from the date of receipt of a completed application to provide all necessary documentation for DSS to determine eligibility. If all documentation is not received in that time period, the application will be denied.

II. When does payment begin?

Upon receipt of a completed application the Child Care Subsidy Unit date stamps the application. When the application is approved, child care subsidy payment can be retroactive to the date that the application was date stamped as long as all of the documents were received within the initial 30 day time frame; if care was provided on that date or later.

III. How long is the child care authorized for?

Child care subsidy is usually authorized for a twelve month period

The family is required to recertify the entire case before the end of their twelve month period. DSS will send the parent/caretaker an application and the family must apply again by completing an application and providing all necessary documentation to determine eligibility. Failure to recertify will result in the child care subsidy being discontinued.

IV. If the family does not agree with the determination what can they do?

The family always has the right to call for a case conference with their worker or the worker's supervisor to resolve issues. The family can also request a Fair Hearing to dispute the decisions of DSS. A family may be able to obtain legal assistance from Legal Services of the Hudson Valley telephone (914) 949-1305 extension 142 or email JSirotkin@lshv.org. If the family requests a Fair Hearing they can ask for "aid to continue" and child care may continue to be paid until the Fair Hearing decision is reached. However, if the decision of the Fair Hearing is against the family they would have to pay back all monies paid for child care during the time they were deemed to be not eligible.

Directions on how to request a Fair Hearing are located on the back of Authorization Notifications (Addendums #2, #3, #4, and #5 on pages 51 to 58).

WHAT IS A TITLE XX PROVIDER? **WHO CAN BECOME A TITLE XX PROVIDER?**

A Title XX provider is a provider who has signed a contract with the County of Westchester to provide child care services.

Only licensed child care centers, licensed group family child care providers and registered school age child care programs are able to be Title XX providers.

Periodically the Department of Social Services issues a public notice of their intent to contract with child care providers in Westchester County. The Child Care Council of Westchester, Inc. sends a notice to all licensed child care centers, licensed group family child care providers and registered school age child care programs notifying them of the process to become a Title XX provider. The provider is asked to submit a letter of intent to enter into a contractual agreement with Westchester County. Westchester County then sends the provider the actual contract, which needs to be signed and returned with all required documentation. The contract takes effect the first day of January of the following year.

There are approximately 184 child care programs (112 vendors) that are Title XX contracted providers for the year 2018.

The benefits in becoming a Title XX provider are:

- The provider will be paid for five holidays and or other closings as stipulated by contract per year, per child
- The provider will be paid for up to 12 temporary absences per quarter, per child (up to 48 absences per year, per child)
- The provider will be able to accept Title XX parents, opening up a new source of children that can potentially enroll in the program.
- If a family already enrolled in the program, under Low Income Subsidy becomes a Title XX family, they will not have to change providers and can continue in the program.

To be eligible to become a Title XX provider, the provider must have Worker's Compensation coverage and one million dollars of general liability insurance with an "A" rated insurance company.

Tip: The Child Care Council of Westchester, Inc. can assist you in applying to be a Title XX provider, as well as provide you with a list of "A" rated insurance companies. Contact the subsidy coordinator at 914-761-3456 ext. 144.

WHAT IS TRANSITIONAL CHILD CARE?

If a family had an opened TANF case that was closed due to an increase in income from employment, child support or the family voluntarily ended their assistance the family is entitled to Transitional Child Care benefits. Transitional Child Care guarantees the family that child care will continue to be paid for one year as long as the family meets the criteria listed below:

- Their TANF case was opened for a least 3 of the 6 months prior to case closing.
- The family meets financial eligibility subsidy guidelines.
- The case closed for a reason that meets a specific criteria.

The family does not have to complete a new application. The application and supporting documentation is electronically transferred to the Child Care Subsidy unit. The family will be required to pay a Family Share Fee. Child Care Subsidy may request additional documentation from the family once the electronic the transfer is received from the TANF worker.

TEMPORARY ASSISTANCE TO NEEDY FAMILIES (TANF)

TANF families are entitled to child care as part of their goal toward self-sufficiency

Child care can be paid for if the family is in an approved:

- Work activity
- Training activity
- Job Search
- On the job training
- Vocational training and education
- Community service
- Substance abuse program
- Domestic violence associated program

How is child care handled for TANF families?

- TANF families do not need to complete a separate application; child care financial assistance is part of the application the family completed when they applied for TANF.

 - TANF cases are handled out of the District Offices:
 - o Mount Vernon Department of Social Services
100 East First Street
Mount Vernon, New York 10550
914-813-6000 (customer service 914-995-3333)
 - o Peekskill Department of Social Services

 - o dates child care is authorized, hours authorized
 - o maximum amount of payment DSS can reimburse the provider
-

There are two other situations that are handled differently for Temporary Assistance cases.

White Plains Homeless Unit

- All families that are experiencing a homeless situation and are in receipt of Temporary Assistance are transferred to the homeless unit in White Plains regardless of where they live.

The Top Unit (Transitional Opportunities Program)

- Families that are employed but still eligible for Temporary Assistance have their case transferred to the TOP unit, which is located in the Mount Vernon District Office regardless of where they live.
- The TOP unit provides specialized services to help families achieve self-sufficiency. The TOP unit makes a Career Path Assessment of each family and helps customers make decisions regarding better jobs, obtaining a GED or obtaining a driver's license.

WHO TO CONTACT FOR TEMPORARY ASSISTANCE CASES

- Providers should contact the worker that is listed on the authorization form they received from the District Office.

Tip: If you have contacted the worker on the case and you are still having issues or concerns please contact the subsidy coordinator at the Child Care Council of Westchester, Inc at 914-761-3456 extension 144, who can provide further assistance.

CHILD CARE MARKET RATES **(the maximum amount that can be paid to a provider)**

Payment rates are determined by the New York State Office of Children and Family Services (OCFS). Payment rates must be sufficient to ensure equal access for eligible families to child care services, comparable to those services provided to children whose parents/caretakers are not eligible to receive assistance under any child care programs. Every two years OCFS contracts with a market research firm to conduct a market rate survey via telephone. Prior to the phone survey OCFS mails a letter to all registered and licensed providers in NYS. This letter informs the providers that they may be contacted by phone to participate in the market rate survey. The letter also gives the providers the list of questions that will be asked during the phone survey. This data is analyzed and clustered into five distinct groupings of districts based on similarities in the rates among the districts. Westchester County is grouped with Nassau, Putnam, Rockland and Suffolk counties to determine the market rate.

Child care payments are determined based upon three factors:

- Age of child
- Hours/days of child care used
- Type of child care program

Age of Child

Market rates differ according to the age of the child. The age categories are:

- Under 1 ½ year;
- 1 ½ years through 2 year;
- 3 years through 5 year; and
- 6 years through 12 years

A change in a child's age will result in a decrease in the amount that can be authorized for the care of that child. The market rate may be less as the child gets older; the new market rate limit is applied at the beginning of the first full month following such a change.

Hours/days of child care used

- Weekly – care provided for 30 or more hours over the course of five or fewer days in a single week, up to 55 hours per week.
- Daily – care provided for less than 30 hours over the course of five or fewer days in a single week and for at least six but fewer than twelve hours per day.
- Part-day – care provided for at least three but fewer than six hours per day.
- Hourly – care provided for fewer than three hours per day.

Types of child care programs

- Licensed child care centers and legally-exempt group child care programs.
- Registered family child care homes.
- Licensed group family child care homes.
- Registered school-age child care programs.
- Legally-exempt family child care and legally-exempt in-home family child care providers

Providers cannot charge the Department of Social Services more for the care of children receiving subsidy than they charge to the general public for similar care.

HOW AND WHEN DOES THE PROVIDER GET PAID?

There is a process to receive payment for care. It is important not only to understand the steps involved to receive payment but also to manage the paperwork needed to receive payment and immediately address any discrepancies.

Payments

- The Westchester County Department of Social Services will mail the provider a roster and attendance sheets on the first Friday that follows the first Thursday of every month.
- The provider must complete both the roster and the attendance sheet and submit these forms for payment to DSS Payment Processing in order to be paid. Once these forms are received and reviewed, if everything is completed correctly, payment should reach the provider in 7 to 10 business days. If anything is missing or incorrect, the forms are returned to the provider for corrections, which will delay payment. It is very important that the provider take the necessary time to complete both forms correctly. The provider also must either enter time and attendance through the web based CCTA (Child Care Time and Attendance System) or submit a Child Care Sign/In Out Sheet.
- The roster contains the names of all the children for whom the provider can expect payment for that month. If any child is missing the provider must contact the DSS worker to question why the child is missing from the roster. If a child is not on the roster the provider will not be paid for that child.

Tip: The provider must report any discrepancies on the roster to DSS no later than the calendar quarter after the calendar quarter that the services were rendered. DSS will not be able to adjust or issue missing payments if the provider does report the discrepancies in a timely manner.

Tip: If you have contacted the worker on the case and you are still having issues or concerns please contact the subsidy coordinator at the Child Care Council of Westchester, 914-761-3456 extension 144, for assistance.

HOW DOES CHILD CARE SUBSIDY KNOW WHAT TO PAY THE PROVIDER?

Provider payments are based on the information the provider includes on the provider form. The Department of Social Services can pay a provider up to the currently established market rates in Westchester County. Providers may not charge the Department of Social Services more than they charge their private paying families.

Vendor Data Profile Form (WCDSS#2117/(02/18))

If the child care provider does not already have a DSS issued vendor ID# the child care provider is required to complete the Vendor Data Profile form so that the Department of Social Services can input the provider's rates and information into their payment systems and issue the provider a vendor number. (See Addendum #6)

The Provider Form

When a family applies for child care subsidy or has been approved to receive child care subsidy, they are given a provider form for the child care provider to complete. This form is used to determine if the provider is eligible to be paid by the Department of Social Services and to determine the amount of the payment.

The child care provider must complete this form with the family. It is important that the provider fill out all the sections carefully because child care payments are based on the information the provider includes on this form.

How to Complete the Form

(sample on page 25-26)

Top Front of Form: # 1

The Provider Completes:

- Provider's Name, address, & telephone number. Be very careful to list the actual name and address that appear on your license or registration.
- Social security number or vendor ID # if you have one. If you do not yet have a vendor ID # the Department of Social Services will give the family a W9 form for you to complete so that they may obtain a vendor ID # for you (You can also obtain a W9 Form by going to <http://www.irs.gov/pub/irs-pdf/fw9.pdf>).

The Vendor ID# is the number the provider uses for all families whose care is being paid for by the Department of Social Services.

The Family Completes:

- Case Name, which is the parent's/caretaker's name.
- Case Number, if the family has one. If the family is new to the subsidy system they may not have a case number yet, so the family would leave this blank.
- Address & telephone number
- Social security number (optional), if they have one

Middle Front of Form; # 2

The Provider Completes:

- Most Recent Date: The date the provider started to care for or will begin to start caring for the child(ren).
- Child's name and age
- Day(s) in Care: The days of the week the child will be in care.
- Time and No. of Hours each Day: Enter the number of hours that the child is in care each day.
- No. Hours Per Week: Enter the number of hours the child is in care per week.
- Amount you charge per week: Enter the amount the provider charges per week.
- Provider's relationship to the child.

Bottom Front of Form: COMPLETE A OR B BELOW Section

As an OCFS Regulated provider you need to complete Section (B)

The Provider Completes:

- Check your modality of child care
- Enter the license or registration number of the program
- Enter license or registration expiration date

Back of Form:

As an OCFS Regulated provider you need to complete Section 2

The Provider Completes:

- Place a checkmark stating what type of child care program the provider is.
- Circle the answer requested on the bottom of the page.

The Provider & Family Completes:

- The provider and the parent/caretaker must sign this form.

Tip: Be very careful to fill out Section 2 on the back of the provider form – NOT SECTION 1 – Often providers fill in section 1 which is only for informal caregivers (legally-exempt providers) and will cause a long delay in the approval process.

THE PROVIDER FORM
OTHER REASONS THE PROVIDER WOULD NEED
TO COMPLETE A PROVIDER FORM

Hours change

- If the hours the provider is caring for the children change the provider must complete and submit a new provider form to the DSS worker that reflects the new hours and rates. Upon approval the DSS worker sends the provider a new letter of authorization reflecting the change in hours.

School holidays and closures

- If the provider cares for school age children for additional days or hours due to school closings, the provider must complete a new provider form each month that additional child care is being provided, including the additional charges the provider is requesting. This form is to be submitted to the DSS worker along with a copy of the local school calendar. Upon approval DSS will issue a separate check to cover these additional days.

Summer care

- If the provider cares for school age children during the summer the provider must complete a new provider form before the summer begins and submit to the DSS worker for approval.

THE CHILD CARE TIME AND ATTENDANCE SYSTEM **CCTA (A.K.A "Web Submittal")**

- The Child Care Time and Attendance System (CCTA) is a web based computer program where child care providers enter the date and time each child arrives and leaves their program. It allows providers to electronically send attendance to the Department of Social Services over the internet. This system helps assure that subsidy payments are correct and on time. It also assures that eligibility and time and attendance are correct. The CCTA program also calculates and approves child care subsidy payments.
- There is no software that is needed to be purchased. The only item required is a desktop or a notebook/laptop computer that can access the internet.
- Title XX contracted providers must use the CCTA program as part of their contractual agreement with the Department of Social Services.
- All other programs can elect to participate in CCTA and use this program or complete and submit a separate Child Care Sign In/Out Sheet (see Addendum #7) to the Department of Social Services for each child in their care. Department of Social Services employees will then enter the information from the Child Care Sign In/Out Sheet sheets into the CCTA program.
- Providers who choose to enter time and attendance through the CCTA program will be required to submit a Verification Information Sheet. This sheet will allow the Department of Social Services to establish a verification code so that the provider will be able to log onto CCTA (see Addendum #8). Providers are also required to submit the Vendor Data Profile sheet (see Addendum #6).
- Providers who enter time and attendance into the CCTA system directly will receive payments faster than providers who choose not to.
- Providers must also continue to submit rosters and attendance sheets as well as enter the attendance into the CCTA program or submit the Child Care Sign In/Out Sheets.
- Training on how to use the CCTA system is available on line at <http://info-ccta-newyork.com/providers/training/>
- Providers can also contact Ms. Bsharat at the Department of Social Service Child Care Subsidy Unit for additional assistance at 914-995-5463 or at Nab1@westchestergov.com.

The Calendar Section:

Sample on how to complete the calendar section

On this sample:

- The provider provides care Monday through Friday
- The month is January 2015
- Mary Jones full time
- Michael Jones part time

January 1, 2015 (Thursday) was New Year's Day*, the provider enters the letter "C" for the first day of January 2009. That means the provider was closed for New Years Day and did not provide care.

January 2, 2015 (Friday) the children were present in the provider's program. The provider enters the letter "P" for present on that day.

January 3, 2015 and January 4, 2015 were a Saturday and Sunday and the provider is not authorized to provide care on Saturdays and Sundays. The provider enters an "X" - non-authorized day.

January 14, 2015 both children were absent. The provider enters "A" absent for this day.

January 19, 2015 the program was closed due to a power outage. The provider enters a "C" – program closed (no payment for day).

The provider adds up all the days care was actually provided during the month of January 2015. Enter this number under total days; total days in this sample are 19 days.

*Some families do work on holidays. If child care was provided on New Year's Day because the family worked on that day the provider enters the letter "P" for present.

<p>Tip: Upon enrollment of the children the provider should explain to the family that Child Care Subsidy does not pay for absences. The family should be encouraged to avoid excess absences.</p>

The Calendar Section

Sample on how to complete the calendar section

On this sample:

- The provider provides care Monday through Friday
- The month is January 2015
- Mary Jones full time/full day
- Michael Jones part time/half day

January 1, 2015 (Thursday) was New Year's Day*, the provider enters the letter "H" for the first day of January 2009. That means the provider was authorized by contract to be paid for this holiday closure.

January 2, 2015 (Friday) the children were present in the provider's program. The provider enters the letter "P" for present on that day.

January 3, 2015 and January 4, 2009 were a Saturday and Sunday and the provider was not authorized to provide care on Saturdays and Sundays. The provider enters an "X" – non-authorized day.

January 14, 2015 both children were absent. The provider enters "A" absent for this day.

January 19, 2015 the program was closed due to a power outage. The provider enters a "C" – program closed (no payment for day).

The provider adds up all the days that the provider is entitled to receive payment. These days include approved holidays and absences – total days in this example are 21 days.

Tip: Upon enrollment of the children the provider should explain to the family that Child Care Subsidy only pays contracted providers up to twelve temporary absences per quarter. The family should be encouraged to avoid excess absences.

THE ROSTER

How To Complete the Roster:

Requests for Payment of Day Care Services

See reference Sample roster sheet on page 37-38 for non-contracted providers and page 41-42 for contracted providers. See the next section to determine how to calculate the charges that are entered on the roster.

How to read & complete the roster:

Page 1:

- o Listed on the roster are the names of every child that the Department of Social Services has authorized child care payment to the provider for that month.
- o Under the child's name is listed the case number which would always begin with the letter S. Under the case number is the child's date of birth.
- o Going across the page it then lists the maximum amount of monies DSS is authorizing to pay the provider during the month and the dates of authorization for that particular month.

Page 1: All Providers need to complete:

- o ACTUAL DAYS CARE: The provider must fill in the Actual Days In Care (days the provider believes should be paid for that matches the days the provider completed on the attendance sheet)
- o MAX MO CHG: The provider must fill in the Maximum Monthly Charge, which is the same as the maximum amount of monies already printed on this case for this child.
- o MONTHLY PAR FEE: The parent fee, if there is one, is usually already included on this roster.
- o TOTAL DSS CHR: The total DSS charge is the amount the provider is actually charging DSS for the care of each child for that month. The provider must deduct any days that the provider is not authorized to receive payment.
- o TOTAL BILLED AMT.: The Total Billed Amount is the sum total of the Total DSS Charge column. Providers are not required to tally the dollar amount for those children that have the letter "C" placed

directly under their name. If the child has the letter "C" placed under their name include only the days the child attended. The letter "C" under the child's name indicates that that provider is entering time and attendance through the CCTA (Child Care Time and Attendance) system.

Page 2: All Providers Must:

- o Insert the amount that is being claimed for the month. If the provider has at least one child with the letter "C" placed directly under their name listed on the roster, the provider is NOT required to write the total dollar amount. If there is no child with the letter "C" placed directly under their name on the roster, the provider must write the total dollar amount.

- o Sign and date the roster.

Tip: The provider is required to report any discrepancies in payment to the Department of Social Services within the quarter following the quarter that the service was provided. If the provided does not report these discrepancies in a timely manner the Department of Social Services may not be able to adjust payments.

HOW TO PRO-RATE PAYMENT

Providers need to accurately enter charges for the care they provide. The charges need to be pro-rated based on the actual days the child(ren) are in care and the days for which care is authorized. The roster shows the maximum authorization of payment for each child if they were in care every single day of authorization. When children are absent or the program is closed the provider must deduct those days from the maximum authorization amount listed on the roster.

Pro-rate Payment for a Non-Contracted Provider

Reference Sample roster sheet on pages 37-38

- On the sample provided for the non-contracted the provider payment is requested for 19 days (based on the attendance sheet).
- The provider must count how many actual days of authorized care there were in the month. In this example, for the month of January 2015 for authorized care Monday through Friday there was the potential of caring for these children for 22 days.
- The non-contracted provider divides the total maximum charge per child by possible 22 days.

Example of pro-rated calculation

Step One: Calculate total DSS CHR (charge) for each child.

Child 1: Mary Smith

\$1,082.50	(maximum monthly charge)
÷ 22 days	(total number of possible days in January)
\$49.205	cost per day
\$49.205	cost per day

$$\begin{array}{r} \times 19 \text{ days (total number of actual days in care)} \\ \hline \$934.90 \text{ total charge to DSS} \end{array}$$

- The provider enters \$934.90 under Total DSS CHR (charge) for Mary.

Child 2: Michael Smith

$$\begin{array}{r} \$801.05 \text{ (maximum monthly charge)} \\ \div 22 \text{ days (total number of possible days in January)} \\ \hline \$36.411 \text{ cost per day} \end{array}$$

$$\begin{array}{r} \$36.411 \text{ cost per day} \\ \times 19 \text{ days (total number of actual days in care)} \\ \hline \$691.81 \text{ total charge to DSS} \end{array}$$

- The provider would enter \$691.81 under Total DSS CHR for Michael.

Step Two: Calculate total billed amt. (amount)

Total billed amount is the total of the two charges:

$$\begin{array}{r} \$934.90 \text{ Total DSS CHR for Mary Smith} \\ + \$691.81 \text{ Total DSS CHR for Michael Smith} \\ \hline \$1,626.71 \text{ the provider enters this as Total Billed Amt. (amount)} \end{array}$$

- The provider enters \$1,626.71 on page two of the roster and signs the roster.

Pro-rate Payment for a Contracted Provider

Reference Sample roster sheet on pages 41-42

- On the sample provided for the contracted provider the provider is claiming payment for 21 days (based on the attendance sheet).
- The provider must count how many actual days of authorized care there were in any given month. In this example for the month of January 2009 for authorized care Monday through Friday there was the potential of caring for these children for 22 days.
- The contracted provider divides the total maximum charge per child by possible 21 days.

Example of pro-rated calculation

Step One: Calculate Total DSS CHR for each child.

Child 1: Mary Smith

$$\begin{array}{r} \$1,082.50 \text{ (maximum monthly charge)} \\ \div \underline{22 \text{ days (total number of possible days in January)}} \\ \$49.205 \text{ cost per day} \\ \\ \$49.205 \text{ cost per day} \\ \times \underline{21 \text{ days (total number of actual days in care)}} \\ \$1,033.31 \text{ total charge to DSS} \end{array}$$

- The provider enters \$1,033.31 under Total DSS CHR for Mary.

Child 2: Michael Smith

$$\begin{array}{r} \$801.05 \text{ (maximum monthly charge)} \\ \div \underline{22 \text{ days (total number of possible days in January)}} \\ \$36.411 \text{ cost per day} \\ \\ \$36.411 \text{ cost per day} \\ \times \underline{21 \text{ days (total number of actual days in care)}} \\ \$764.63 \text{ total charge to DSS} \end{array}$$

- The provider enters \$764.63 under Total DSS CHR for Michael.

Step Two: Calculate Total Billed Amt.

Total billed amount is the total of the two charges:

\$1,033.31 Total DSS CHR for Mary Smith
+ \$ 764.63 Total DSS CHR for Michael Smith
\$1,797.94 the provider enters this as Total Billed Amt.

- The provider enters \$1,797.94 on page two of the roster and signs the roster.

Tip: Under the contract the provider signed with Westchester County the provider is entitled to be paid for up to 12 absences per calendar quarter. Keep track of the child(ren)'s absences as the provider will not be paid beyond the 12 absences per quarter allowed.

PROVIDER RESPONSIBILITIES

Responsibilities for providers who Provide Care for Families whose Child Care is Paid for by Child Care Subsidy

- Keep accurate attendance records for all children receiving child care subsidies. (The provider should be keeping attendance records, including “sign-in” and “sign-out” verification, for all of the children in the provider’s care.)
- Maintain daily sign-in and sign-out logs.
 - Children and parents/caretakers must be listed and clearly identified using first and last names.
 - Children need to be signed in/out each time they leave and return to the program, even if more than once within the same day.
 - The adult/authorized individual signing the children in/out must be clearly identified by using first and last names.
 - Time in and time out must be indicated on the log, each time the child leaves and returns to the program on a given day.
 - The daily sign-in and sign-out logs must be retained for at least eighteen months.
 - Addendum #10 is a sample attendance sheet. Child care providers can use any sign-in and sign-out logs they want, there is no DSS required sign-in and sign out log.
- Accurately fill out the payment rosters.
 - Submit the county attendance sheets to support each roster.
 - Pro-rate the payment claimed on the roster. The provider cannot claim the maximum monthly payment authorized by DSS if the child has been absent or the facility has been closed and the provider’s contractual agreement with the county does not provide for payment in these circumstances.
 - Enter time and attendance through the CCTA system or submit the Child Care Sign In/Out Sheet for each child.
- Keep accurate payment records for non-subsidized children.
 - The provider may not charge for government subsidized services more than the provider actually charges and receives from unsubsidized customers.

- Keep accurate payment records for subsidized children.
 - Family share fee must be collected.
 - Family must be given a receipt for payment of family share fee.
 - Provider should retain a copy of the receipt.
 - Records must be accurate and must not be altered. Records must be made available to the county when there is an auditing visit.

- Pro-rate Payments
 - It is the responsibility of the child care provider to pro-rate the payment claims to the county when submitting claims for children who have been absent from child care during the period covered by the voucher. It is also the responsibility of the child care provider to prorate the payment for any days the program was closed for business.

Tip: ALL PAYMENT CLAIMS SUBMITTED TO THE COUNTY ARE SUBJECT TO RANDOM AUDIT FOR COMPLIANCE WITH STATE REGULATIONS. THE PROVIDER MUST KEEP SIGN-IN AND SIGN-OUT ATTENDANCE RECORDS. IF THE PROVIDER IS UNABLE TO SATISFACTORILY VERIFY TO THE AUDITOR A CHILD'S ATTENDANCE THE SUBSIDY PAYMENTS THE PROVIDER RECEIVED ON THE CHILD'S BEHALF WILL BE CONSIDERED AN OVERPAYMENT. THE PROVIDER WILL BE REQUIRED TO RETURN THIS OVERPAYMENT TO WESTCHESTER COUNTY

HOW DOES THE PROVIDER KNOW IF THE CASE HAS BEEN AUTHORIZED?

The Department of Social Services sends the family and the provider notifications regarding the case.

These authorizations tell the provider and the family the following information:

- Approval of the case
- Denial of the case
- Dates the provider will be paid to care for the children
- Hours the provider will be paid to care for the children
- Family share fee amount, if the family is required to pay a family share fee

Tip: Children should not be permitted to attend the providers program until the provider has received written approval from the Department of Social Services. If the family wants to start before the provider has received written approval, the provider should make a private pay agreement with the parent. Addendum #1 on page 50 provides a sample of a written letter of agreement for providers to use before the provider has received written approval from the Department of Social Services.

AUTHORIZATION FOR CHILD CARE SUBSIDY CASES:

The below forms are sent to both the family and the provider.

Approval of Your Application For Child Care Benefits OCFS-LDSS-4779
See sample in Addendum #2 on page 51.

This form tells the provider that the case has been approved. It tells the provider the effective dates of care; start date and end date. This form tells the provider how much the provider will be paid by DSS and what the family share fee is.

Tip: Keep track of the effective dates of care. Review the subsidy expiration dates at least monthly. Remind the family at least one month in advance that their child care authorization is ending. If the provider has not received written authorization to continue care beyond the end of the authorization period make a private pay agreement with the parent until the provider receives written authorization to continue care. See Addendum #1 on page 50 for sample of written private pay letter of agreement.

Denial of Your Application For Child Care Benefits OCFS-LDSS-4780

See sample in Addendum #3 on page 53.

This form tells the provider that the case has been denied. This means the provider will not be paid by DSS for the care of these child(ren). It will not give the provider the reasons for the denial as this is confidential information. The family, however, is notified of the reasons for the denial.

Notice of Intent To Change Child Care Benefits OCFS-LDSS-4781

See sample in Addendum #4 on page 55.

This form alerts the provider that something has changed on the case. It could be the family share fee, the hours of care, or the amount of authorized payment. This is usually based on information the family provided to their worker showing they are earning more or less income, their employment hours have changed, etc. It can also be the result of changes required by the regulations, such as a reduction because the child is older.

Notice of Intent To Discontinue Child Care Benefits OCFS-LDSS-4782

See sample in Addendum #5 on page 57.

This form notifies the provider that the case will be discontinued. This notice is sent to you 10 days before the case actually closes. It does not give the provider the reasons for the case closing as this is confidential information. The family, however, is notified of the reasons for the closing.
