

**Westchester County Child Care Programs and Providers with openings – as of 3/25/2020.**

**914-761-3456**

We understand that many parents are employed by businesses and organizations providing essential services, and therefore still need to work and still need child care. The Child Care Council has assembled this list of child care programs and providers who are, as of the date of this list, open to providing care for additional children. Please note: the Council is providing these as referral options only, and not recommendations. The Council does not recommend any particular program/provider nor can we guarantee the capabilities or the quality of care for any program or provider. Therefore, inclusion on this list should not be seen as an endorsement or a recommendation by the Council. We strongly urge you to check the compliance history of any provider or program you will consider using at

[https://ocfs.ny.gov/main/childcare/ccfs\\_template.asp](https://ocfs.ny.gov/main/childcare/ccfs_template.asp).

If you would like a more personalized referral service based on your family’s needs, please call our Referral Department at 914-761-3456 x140. Leave a message and we will call you back. This service is FREE. Our Child Care Specialist will provide referrals appropriate to your child’s age, the days/times you need care, as well as other specifications as we are able. For first responders and health care workers, we will take the additional steps of verifying openings at up to three providers/programs, to save you some time.

**Call: 914-761-3456 x140**

**Email: [Referrals@cccwny.org](mailto:Referrals@cccwny.org)**

**Complete an online form: <https://www.childcarewestchester.org/child-care-request>**

**There are actually 3 different lists below: (1) Programs that will consider offering free child care for first responders and health care workers; (2) Programs that will consider providing care for essential workers and (3) Programs that are open for all families**

**(1) Will consider free child care for first responders and health care workers:**

**They are their own business and can determine the terms and agreement of the child care.**
