90% of brain

BEFORE kindergarten

The Not-So-Secret Sauce

A Recipe from the Child Care Council of Westchester

Start with a brand new baby.

Combine five years of safety, nutrition, and love with the opportunity to explore and engage with the world.

When it's time for kindergarten, you've made something amazing: a child ready to start her school journey fully prepared to realize her potential, without any unnecessary challenges in her way.

Keep watching as she develops excellent coping skills, defies peer pressure to say no to risky adolescent behaviors, graduates on time, and gets her first job. One day she'll be at an event just like this, giving back.

Far too many children in Westchester are deprived of the ingredients needed to build a strong and independent future. For this recipe to work, it requires the not-so-secret sauce: universal access to quality early care and education.

We invite employers, educators, parents (and grandparents!) to help us make this a reality.
