Effective Supervision of Children in Early Care and Education Settings

In the blink of an eye, a child in your care could become injured or lost. Keeping children safe is your most important responsibility! How can you watch all these small children all of the time and still provide an exciting learning environment? What can you do to make sure all children are safe at all times? Come learn ways to provide children with competent supervision that you can make to enhance your program's supervision of children. We will also examine the OCFS regulations on supervision. You will breathe easier and keep children safer.

Movement Adventures for Preschoolers That Build Brains and Everything Else!

Children are born to move! The more they move, the more their brains and all other developmental areas grow. You can create a classroom of whole-body, active learning – even while distancing. Whether you are inside, outside, have an hour, or even ten minutes, these games and activities will get everyone moving, while growing their brains, muscles, social/emotional skills, AND having fun at the same time. Come ready to move!
